Workshop Descriptions

Buddy Up

Facilitators – Pam Wear, Michele Smith, & Kendra Lewis

Service Worship's version of speed dating. This session is for churches that are interested in participating but are not sure they are ready to pull this off on their own. Come ready to share basic information about your church (location, size, demographics, etc.) and be prepared to find Buddy Churches in your area to work with in a "Service Worship" partnership.

Where Do We Go From Here?

Facilitator – Kim Engelmann

Is there a way to organize Bay area nonprofit opportunities and church volunteers? If not, can we create one? Let's think big. What could we do to take Service Worship to the next level? What could happen? An annual regional event? A prayer breakfast for the community? Come and brainstorm on a larger scale what could happen if churches and nonprofits were able to interface easily and quickly, and every nonprofit in the Bay Area had a partner church!

Everybody Wins

Facilitators – Tim Galleher & April Hunt

Service Worship is not one-size-fits-all. But Service Worship can be for everybody if you plan for it. What can you do for those who can't knit and aren't qualified to pick up a chainsaw? Get practical and proven ideas on how to include everybody - including children, families, elderly, disabled and even the unsuspecting visitor who picked that Sunday to visit your church for the first time.

How to Get Your Church on Board

Facilitator – Gabe Gilliam

So, you're sold on Service Worship. But what are you going to do when key people in your church balk because "We've never done that before". How do you sell the idea to church leadership and to the congregation? Why do it? Where's the theology? What are the benefits? Find out how other churches have made Service Worship a reality.

Getting Started Guide

Facilitators – Jim Shunk, Kevin Oxnam & Kim Engelmann

Everything you need to know to run your first Service Worship event. Service Worship 101. Service Worship for Dummies. Service Worship Bootcamp. You get the idea.

Green Lights and Warning Signs

Facilitators – Sarah Stierwalt & Debbie Sturm

Come hear real world experiences from two different churches. Find out what worked to create a successful event. Learn from the challenges these churches have encountered, and what they would do differently the next time. You'll look like a genius when you hold your first event.

Jesus Matters: Service Worship and Evangelism

Facilitator – Tim Reilly

Tim Reilly of Morgan Hill Bible and Compelled Ministries will share how to utilize community service to share your faith with those who have joined you in serving. Many times service opportunities attract non-Christians and nominal Christians. This affords us an opportunity to share the beauty of the Gospel as we explain why we serve.

Theology of Service Worship

Facilitator – Greg Prow & Mike Clark

What is the scriptural mandate for Service Worship? Is there conflict between combining Service and Worship on a Sunday morning? What does Jesus say about the issue? Bring your Bible as we consider the teachings of scripture.

What Color is Your Paintbrush?

Selecting the Right Projects for Your Church

Facilitators – Maggie Day & Terri Dias

Each church is different. So is each ministry need. Learn about important needs that non-profits want help with and evaluate them in light of your church's unique gift mix to discover what projects best fit your church.
